GRADE 4-CLAY COIL

Content Vocabulary:

Line
Form
Space
Texture
Transparent
Translucent
Opaque
Clay
Coil
Slab
Score
Slip
Wet clay
Leather hard
Bone dry
Bisque
Glaze
Fire
Kiln

Essential Understandings/Learning Goals:

- Working with coil or slab methods will produce clay pieces that have different appearances.
- Coils & slabs can be used in many ways to produce creative ceramic pieces.
- In order for 2 pieces of clay to remain attached after drying, you MUST, score & slip.
- Clay is transformed through a series of steps that change it & make it permanently hard.
