

Mathematics

Grade Five - Unit 3

Essential Understandings:

- Parentheses
- Brackets
- Braces
- Expressions
- Order of Operations
- Difference between expressions and equations
- Ordered pairs
- coordinate plane
- Axes: x-axis, y-axis
- Coordinate system
- Origin
- Intersection
- Plane
- Ordered pair
- x-coordinate and y-coordinate
- Interval
- How does the order of numbers in an ordered pair correspond to the x and y-axis?
- First quadrant
- Procedure to plot an ordered pair

Content Vocabulary:

Parentheses
Brackets
Braces
Expressions
Order of Operations
Difference between expressions and equations
Ordered pairs
Coordinate plane
Axes: x-axis, y-axis
Coordinate system
Origin
Intersection
Plane
x-coordinate and y-coordinate
Interval
First quadrant
